

## FENWICK

### **Physics/Chemistry Teacher**

Bishop Fenwick High School is looking for a full-time, talented, passionate, innovative, and inspiring Physics/Chemistry teacher. Bishop Fenwick is a Catholic, academically rigorous, and personally supportive co-educational college preparatory school located in Peabody, MA. Dedicated to creating an environment where all students can seek and achieve excellence intellectually, creatively, physically, morally, and spiritually, Bishop Fenwick honors the whole person. Operating independently within the Archdiocese of Boston, Bishop Fenwick is a close-knit, student-centered, and character driven community that forms life-long relationships and graduates committed servant-leaders.

#### **Teaching Responsibilities:**

- 4 or 5 sections of Physics and Chemistry
- Opportunity for 1 section of AP Computer Science
- With lesson planning that is thoughtful and intentional, design a classroom experience that is engaging, challenging, encourages student voice, and promotes active learning
- Communicate effectively, positively, and consistently with students and families to provide feedback on student progress throughout the year
- Create, develop, amend, and assess curricula, contents, assessments, and teaching methods as necessary to foster a student-centered learning environment
- Strong interpersonal communication skills, the ability to work collegially and collaboratively, and a willingness to go the proverbial extra mile for students
- Knowledge of differentiated instructional strategies, with a focus on emphasizing student strengths and developing essential skills

#### **Additional responsibilities include:**

- Advising a club or activity
- Attending and contributing to meetings during and after the school day, including, but not limited to, department, committee, and grade-level meetings
- Participating in the life of the Fenwick by attending community events, being present for major school functions, and supporting the overall mission and culture of the School

The successful candidate will possess excellent content knowledge; a passion for teaching and learning; enthusiasm for working with students, families and colleagues; a positive attitude; and a growth mindset. She or he will be able to inspire and empower students to learn; collaborate and engage in daily discourse about science with students and colleagues; write well; and commit to ongoing professional development and lifelong learning. A degree in Physics, Chemistry, Computer Science, or engineering and/or extensive experience within the field are preferred.

**How to Apply:** If you are a committed educator interested in working in an environment that is engaging and supportive, please send a cover letter stating your educational philosophy, a current resume and three references to: [employment@fenwick.org](mailto:employment@fenwick.org). Please include in your subject line: Physics/Chemistry/Computer Position. BF's Website: [www.fenwick.org](http://www.fenwick.org).
