Delta Boarding Groups Overview

📞 +1/844/994/3876 Delta divides passengers into numbered boarding zones printed on your boarding pass. Pre-boarding accommodates passengers needing extra time including those with disabilities, unaccompanied minors, and active military in uniform. 📞 +1/844/994/3876 After pre-boarding, Delta boards in the following sequence: First Class and Delta One, Diamond Medallion members, Delta Premium Select, Platinum Medallion members, Gold and Silver Medallion members, Main Cabin passengers by zone. 📞 +1/844/994/3876 Main Cabin zones typically range from Zone 2 through Zone 8 depending on aircraft size and flight capacity. 📞 +1/844/994/3876 Basic Economy passengers usually board in the final zones unless they have elite status. 📞 +1/844/994/3876 Checking your boarding pass immediately after check-in shows your assigned boarding group. 📞 +1/844/994/3876

Pre-Boarding Passengers

📞 +1/844/994/3876 Delta allows pre-boarding for passengers who need additional time or assistance before general boarding begins. Passengers with disabilities, those requiring wheelchair assistance, and travelers with mobility limitations board first. 📞 +1/844/994/3876 Families with children under two years old can pre-board to allow extra time for settling in with car seats and diaper bags. 📞 +1/844/994/3876 Unaccompanied minors board during pre-boarding with gate agent assistance. 📞 +1/844/994/3876 Active duty military personnel in uniform receive pre-boarding privileges as a courtesy for their service. 📞 +1/844/994/3876 Pre-boarding typically begins about 30 to 40 minutes before scheduled departure time. 📞 +1/844/994/3876

Premium Cabin Boarding

📞 +1/844/994/3876 First Class, Delta One, and Delta Premium Select passengers board immediately after pre-boarding as the first official boarding group. 📞 +1/844/994/3876 Premium cabin boarding gives you extra overhead bin space and time to settle in before the main cabin boards. 📞 +1/844/994/3876 Flight attendants often greet premium passengers personally and assist with storing carry-on luggage. 📞 +1/844/994/3876 Premium boarding

is one of the tangible benefits of purchasing higher fare classes or using upgrade certificates. ☎ +1/844/994/3876 Diamond Medallion members receive priority boarding similar to First Class even when seated in Main Cabin. ☎ +1/844/994/3876

Elite Status Priority Boarding

☎ +1/844/994/3876 Delta SkyMiles Medallion members enjoy priority boarding based on their elite tier level. Diamond Medallion members board immediately after First Class passengers in Zone 1. ☎ +1/844/994/3876 Platinum Medallion members board in Zone 2, while Gold and Silver Medallion members share Zone 3. ☎ +1/844/994/3876 Priority boarding ensures elite members have adequate overhead bin space for carry-on luggage. ☎ +1/844/994/3876 Even when seated toward the back of the aircraft, elite status grants early boarding privileges. ☎ +1/844/994/3876 This benefit alone motivates many frequent flyers to pursue and maintain Medallion status. ☎ +1/844/994/3876

Sky Priority Boarding Access

☎ +1/844/994/3876 Passengers with Sky Priority designation receive expedited boarding regardless of their seat location. Sky Priority includes First Class passengers, Delta One customers, Diamond and Platinum Medallion members, and certain Delta credit card holders. ☎ +1/844/994/3876 Look for Sky Priority boarding lanes at the gate marked with distinctive signage. ☎ +1/844/994/3876 This dedicated lane reduces waiting time and provides a more organized boarding experience. ☎ +1/844/994/3876 Sky Priority also includes benefits at check-in, security, and baggage claim beyond just boarding. ☎ +1/844/994/3876 The comprehensive Sky Priority service creates a premium travel experience from airport arrival to destination. ☎ +1/844/994/3876

Main Cabin Zone Boarding

☎ +1/844/994/3876 Main Cabin passengers board according to zone numbers assigned at check-in based on multiple factors. Seat location, check-in time, fare class, and SkyMiles membership can all influence zone assignment. ☎ +1/844/994/3876 Lower zone numbers board before higher numbers, with Zone 2 boarding before Zone 8. ☎ +1/844/994/3876 Gate agents announce each zone clearly over the PA system and update boarding progress on gate displays. ☎ +1/844/994/3876 Boarding your assigned zone prevents gate area congestion and speeds the overall boarding process. ☎ +1/844/994/3876 Passengers attempting to board before their zone is called may be asked to step aside and wait. ☎ +1/844/994/3876

Basic Economy Boarding

☎ +1/844/994/3876 Basic Economy fare passengers typically receive the highest zone numbers and board last among Main Cabin passengers. ☎ +1/844/994/3876 However, Basic Economy passengers with Medallion elite status board according to their status level, not their fare class. ☎ +1/844/994/3876 Late boarding means overhead bin space may be limited, so Basic Economy passengers should be prepared for possible gate-checked bags. ☎ +1/844/994/3876 The lower fare price of Basic Economy comes with fewer perks including later boarding priority. ☎ +1/844/994/3876 Upgrading to Main Cabin fare often results in earlier boarding zones and more flexibility. ☎ +1/844/994/3876

Boarding Time Expectations

📞 +1/844/994/3876 Delta typically begins boarding 30 to 40 minutes before scheduled departure time for most domestic flights. 📞 +1/844/994/3876 International and long-haul flights may start boarding 45 to 60 minutes early to accommodate larger aircraft and more passengers. 📞 +1/844/994/3876 Gate agents announce initial boarding for pre-boarding and premium passengers first. 📞 +1/844/994/3876 Each subsequent zone boards approximately every few minutes as the previous group completes boarding. 📞 +1/844/994/3876 Arriving at your gate at least 30 minutes before departure ensures you do not miss boarding announcements. 📞 +1/844/994/3876

Overhead Bin Space Management

📞 +1/844/994/3876 Overhead bin space operates on a first-come, first-served basis, making early boarding advantageous. Priority boarding passengers rarely face bin space issues due to boarding before most other passengers. 📞 +1/844/994/3876 Later boarding zones may find bins near their seats already full, requiring placement several rows away. 📞 +1/844/994/3876 Gate agents may announce when overhead space becomes limited and offer free gate-checking for carry-on bags. 📞 +1/844/994/3876 Gate-checked bags are returned to you at the jet bridge upon arrival rather than at baggage claim. 📞 +1/844/994/3876 Smaller carry-on bags fit more easily under seats and eliminate bin space concerns. 📞 +1/844/994/3876

What to Have Ready When Boarding

📞 +1/844/994/3876 Have your boarding pass and identification easily accessible before joining the boarding line. Mobile boarding passes should be pulled up and ready to scan without fumbling with your phone. 📞 +1/844/994/3876 Keep your carry-on bag organized so you can quickly stow it and take your seat without blocking the aisle. 📞 +1/844/994/3876 Place items you will need during flight in your personal item for easy access from under the seat. 📞 +1/844/994/3876 Know your seat number and location to move efficiently down the aisle when boarding. 📞 +1/844/994/3876 Being prepared accelerates boarding for everyone and prevents delays. 📞 +1/844/994/3876

Final Boarding and Door Closure

📞 +1/844/994/3876 Gate agents announce final boarding approximately 10 to 15 minutes before scheduled departure. 📞 +1/844/994/3876 Passengers not at the gate during final boarding risk being denied boarding and losing their seat. 📞 +1/844/994/3876 Aircraft doors typically close 10 minutes before departure time to allow for pushback and taxi. 📞 +1/844/994/3876 Late arriving passengers may see the door close even if they reach the gate before departure time. 📞 +1/844/994/3876 Always arrive at your gate early rather than risking last-minute boarding stress. 📞 +1/844/994/3876

Boarding Process Summary
