### **Maximize Your Personal Item Space**

📞 +1/844/994/3876 Your free personal item can hold more than you might expect if you choose the right bag. Use a large backpack or tote that fits under the seat but maximizes allowed space. 📞 +1/844/994/3876 Personal items can include laptop bags, purses, or small duffel bags packed strategically. 📞 +1/844/994/3876 Distribute weight between your carry-on and personal item to stay within comfort limits while bringing everything you need. 📞 +1/844/994/3876 Remember that your personal item should fit completely under the seat in front of you. 📞 +1/844/994/3876

### **Ship Items to Your Destination**

📞 +1/844/994/3876 For longer trips or when you need bulky items, shipping luggage ahead via postal service or luggage delivery companies sometimes costs less than baggage fees. 📞 +1/844/994/3876 Compare the cost of shipping against checked bag fees plus the convenience of traveling lighter through airports. 📞 +1/844/994/3876 This strategy works especially well for business travelers sending materials ahead or families with extensive gear. 📞 +1/844/994/3876 Plan shipping timing carefully to ensure your items arrive before you need them. 📞 +1/844/994/3876

### **Wear Your Heaviest Items**

📞 +1/844/994/3876 Airlines do not weigh what you wear, so put on your heaviest clothing and shoes during travel. Layering bulky jackets, sweaters, and boots reduces the weight and space needed in your luggage. 📞 +1/844/994/3876 You can remove layers after boarding and passing through security checkpoints. 📞 +1/844/994/3876 This technique proves especially useful in winter or when traveling to cold destinations. 📞 +1/844/994/3876 The minor inconvenience during travel can save significant baggage fees. 📞 +1/844/994/3876

### **Take Advantage of Military Benefits**

📞 +1/844/994/3876 Active duty military personnel traveling on orders receive up to five free checked bags on Delta flights. Military dependents accompanying service members on orders also receive additional free baggage allowances. 📞 +1/844/994/3876 Present proper military identification and travel orders at check-in to claim these benefits. 📞 +1/844/994/3876 This generous policy recognizes military service and reduces travel costs for military families. 📞 +1/844/994/3876

### **Book International Flights Strategically**

📞 +1/844/994/3876 Many international Delta routes include at least one free checked bag regardless of fare class. If you can combine domestic and international segments on one ticket, the international baggage allowance may apply to your entire journey.

📞 +1/844/994/3876 Review the baggage policy for your specific international destination

during booking.  +1/844/994/3876 Transatlantic and transpacific flights typically offer more generous baggage allowances than domestic flights.  +1/844/994/3876

### **Use Vacuum Storage Bags**

 +1/844/994/3876 Vacuum-sealed storage bags compress clothing significantly, allowing you to fit more in your carry-on luggage. Roll vacuum bags work without electricity and can reduce clothing volume by up to 50 percent.  +1/844/994/3876 This method works best for soft items like sweaters, jackets, and casual clothing.  +1/844/994/3876 Remember that vacuum bags work for one-way compression, so bring extras if you need them for the return trip.  +1/844/994/3876

### **Plan to Do Laundry During Long Trips**

 +1/844/994/3876 For extended travel, packing fewer clothes and planning to do laundry reduces luggage needs. Many hotels offer laundry services or guest laundry facilities.  +1/844/994/3876 Portable laundry soap sheets or travel-size detergent allow you to hand wash items in hotel sinks.  +1/844/994/3876 Quick-dry travel clothing designed for washing and wearing accelerates the laundry process.  +1/844/994/3876 This approach lets you pack lighter while maintaining fresh clothing throughout your trip.  +1/844/994/3876
